We build quality into every component of our Amana® brand heating and air conditioning products. That's why our **Amana® Distinctions™ brand DGPC13H Packaged Air Conditioner** has a Seasonal Energy Efficiency Rating (SEER) of 13 — a significant improvement in efficiency over many of the lower SEER units installed outside of homes today. Your savings, versus lower SEER units, can add up very quickly — especially in hot weather, when energy use can increase dramatically.

The savings start with our efficient condensing coil design. We use only high-quality rifled copper tubing and corrugated aluminum fins, which withstand the corrosive effects of moisture and extreme temperatures. Our coil design provides more cooling surface, which further increases efficiency and decreases your energy bill. Additionally, every coil that goes into an **Amana Distinctions brand Packaged Air Conditioner** is thoroughly tested.

Quality You've Come to Expect from Amana Brand Products

In addition to the outstanding energy efficiency, the **Amana Distinctions brand DGPC13H Packaged Air Conditioner** provides you with the following benefits:

- High-quality, energy-efficient compressor with internal relief valve
- Louvered condenser coil protection
- Chlorine-free R-410A refrigerant
- Fully insulated blower compartment for quiet operation
- Attractive Architectural Gray powder-paint finish that resists fading and corrosion
- Electric heat kit available as a field-installed option for use during severe cold spells

Premium Comfort

We back the quality of our **Amana Distinctions brand DGPC13H Packaged Air Conditioner** with the following:

- **A 10-Year Limited Parts Warranty*** on all functional parts

Additional Information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.
