We build quality into every component of our Amana® brand heating and air conditioning products. That's why our **Amana® Distinctions™ brand GPH13H Packaged Heat Pump** has a Seasonal Energy Efficiency Rating (SEER) of 13 — a significant improvement in efficiency over many of the lower SEER units installed outside of homes today. Plus, with a Heating Seasonal Performance Factor (HSPF) of up to 8.0, your home will be warm and comfortable on cold, frigid nights. Your savings, versus lower SEER units, can add up very quickly.

The savings start with our efficient condensing coil design. We use only high-quality rifled copper tubing and corrugated aluminum fins, which withstand the corrosive effects of moisture and extreme temperatures. Our coil design provides more cooling surface, which further increases efficiency and decreases your energy bill. Additionally, every coil that goes into an **Amana Distinctions brand Packaged Heat Pump** is thoroughly tested.

Quality You've Come to Expect from Amana Brand Products

In addition to outstanding energy efficiency, the **Amana Distinctions brand GPH13H Packaged Heat Pump** provides you with the following benefits:

- High-quality, energy-efficient compressor with internal relief valve
- Louvered condenser coil protection
- Available in R-22 or Chlorine-free R-410A refrigerant
- Fully insulated blower compartment for quiet operation
- Attractive Architectural Gray powder-paint finish that resists fading and corrosion
- Electric heat kit available as a field-installed option

Premium Comfort

We back the quality of our **Amana Distinctions brand GPH13H Packaged Heat Pump** with the following:

- **A 10-Year Limited Parts Warranty***
on other functional parts

Additional Information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.
